Homeschool Cohort Graduates

Previously homeschooled students who elect to graduate with a homeschool cohort, not with CECFC, **MUST** meet with their advisor and submit a Graduation Status Change Form via the link provided by their advisor.

Please be aware that in making this election, the student will NOT receive a CECFC diploma, their transcript will only reflect courses taken through CECFC and will not reflect a class rank.

Upon receipt of the Graduation Status Change Form, the student will be exempt from submitting the CECFC Graduation Application, the CECFC Post High School Survey, and from paying the applicable graduation fee.
