Time: 3:30pm
Location: CEC Windsor – Conference Room
Participants: Staff: Melissa Faye, Kitty Morris, Steve Coppa, Rebecca Bolding-Feilmann
Parents: Jill Tyrrell
Presenters: Melissa Faye

MINUTES

Ms. Faye called the meeting to order at 3:38pm and began with introductions of those in attendance.

Financial Update and Q&A:

Kitty Moore lead a discussion regarding the financials. Due to Covid relief funds, there are a few grants still available: Esser 3 and Esser 2.

The Esser 3 Grant was focused on keeping students in the classroom during Covid by implementing special cleaning procedures and products. It was also focused on lost learning due to pandemic. The remainder of this grant go to other school needs since it runs into 2023. Ideas that were discussed include summer camps for June and July 2022, additional cleaning and repair of building, and additional after school tutoring. Mr. Coppa promoted the idea of summer school, particularly for math and science.

The Esser 2 Grant was spent on summer school and camps, teacher assistant for extra support to students, state testing and cleaning services.

Kitty pointed out that Gov. Polis is trying to raise the PPR to 6-12% next year. We are currently at \$8419 per student.

CMAS Testing/State Testing:

Mrs. Bolding-Feilmann presented information on the upcoming CMAS, which will be April 11-14. There will not be any school that Friday. PSAT's will be held that Wednesday. There will also be some asynchronous days and no homework that week. The schedule will be distributed after Spring Break.
