Dear Potential Sponsor,

I hope this letter finds you well. I am writing to you on behalf of the Colorado Early Colleges Colorado Springs Robotics Class/Team, a dedicated group of young robotics enthusiasts who are passionate about STEM (Science, Technology, Engineering, and Mathematics) education and robotics.

Our robotics program is pretty new for our school. We take pride in promoting STEM education and providing an enriching learning experience for our students. Last school year was our first for having Robotics at CECCS, and we competed in one competition. This year, it is our goal to participate in at least four competitions. These competitions provide a unique opportunity for our students to showcase their creativity, problem-solving skills, and teamwork, while also advancing their knowledge in robotics and engineering.

While our class/team's commitment to excellence is unwavering, we face financial challenges in covering the costs associated with participating in such events. These expenses include registration fees, transportation, accommodations, team apparel, materials, and equipment. To ensure our students have the opportunity to excel and reach their full potential, we are actively seeking sponsors who share our passion for STEM education and are willing to support our robotics program.

We believe that partnering with your company/organization would be mutually beneficial. Your sponsorship would not only enable us to provide valuable learning experiences for our students but also align your company with a meaningful cause that promotes education and innovation. Sponsorship levels include \$100, \$250, \$500, and \$1,000, and gifts can be made any time throughout the year. In recognition of your support, we would be pleased to offer prominent exposure for your brand on our team T-shirts, banners, and promotional materials, as well as acknowledgment during our events and in our communications (see levels on accompanying form). If it applies, we would need any company/organization name or logo submitted to us by no later than September 15, as to allow time for printing prior to any competitions throughout the school year.

Please know that every contribution, regardless of the amount, can have a significant impact on our program, and we appreciate your support at any level. If you have any questions or require additional information about our robotics program or sponsorship opportunities, please feel free to contact me at robin.tenboer@coloradoearlycolleges.org or (719) 955-4675.

Thank you for taking the time to consider supporting our robotics program! Your partnership will not only help us achieve our goals but also inspire and empower the next generation of STEM leaders.

Please see the accompanying sponsorship form for how to make a gift. Our 501(c)(3) determination letter is available upon request.

Sincerely,

Robin Tenboer
Technology Teacher/Robotics Coach

Sponsorship Form

CECCS Middle School Robotics

Name: _____

Business/Organization Name: _____

Phone Number: _____

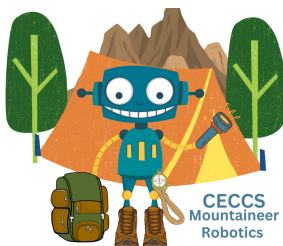

Email Address: _____

Amount: _____ Cash Check Online

	Bronze \$100	Silver \$250	Gold \$500	Platinum \$1,000
Social Media Shoutout & Framed Photo of Team	X	X	X	X
Engraved Plaque		X	X	X
Business/Organization Name or Individual Donor Name on T-shirt at Competition (submit name by Sept. 15 for printing purposes)			X	X
Business/Organization Logo or Individual Donor Name on Banner at Competition and Meet-n-Greet w/ Robotics Team (submit logo by Sept. 15 for printing purposes)				X

While we do appreciate efforts to set up a crowdfunding account (i.e. GoFundMe, Givebutter, etc.), our preferred method of making a gift is through our website. If making a gift by cash or check, please drop it off at the school with this form.

To make a gift, scan the QR code or visit
www.coloradoearlycolleges.org/give/give-to-ceccs/ceccs-robotics-program.
